

**BTEC Digital IT Year Plan
2018 - 2020**

The qualification has three components that focus on the assessment of knowledge, skills and practices. These are all essential to developing a basis for progression and therefore learners need to demonstrate attainment across all components in order to achieve the qualification. The components are strongly interrelated and they are best seen as part of an integrated whole rather than totally distinct study areas. Normally, learners will take this qualification over a two-year period or longer. This qualification is made up of three components. Components 1 and 2 is assessed internally which is coursework and component 3 is an external written exam

Year 10

Sept 2018	Oct	Nov	Dec	Jan	Feb	March	April	May	June	July 2019
