AT
HADSTON HOUSE

We want you!
**Your views really matter to us at James Calvert Spence
College!**

Your child's school years are some of the most important in their life. We are keen to ensure that we have a close partnership with you and build on the excellent work that you do as parents / carers. We would like to invite you to come and have an informal chat with our Chair of Governors and / or Executive Headteacher to discuss more about the way in which JCSC can support your child and the work that you do as a parent / carer.

Do you have a concern that you want to raise?

Do you have a positive news story about your child that you think we should hear?

Are you keen to help us think about how we can better hear from the views of parents, carers and children?

Do you have local knowledge about our communities and do you have ideas about how we can better serve our local community?

If so, we want to hear from you!
