

CAm/MSa

November 2018

Dear Parent and/or Carer,

In the coming weeks school health will be visiting both South Avenue (Year 7 only) and Acklington Road sites to share information about their services.

The assemblies will provide the students information about the services that school health are able to offer and discuss the Chathealth texting service. The Chathealth service enables children and young people to talk to their school nurse via text message if they feel they cannot talk to someone face to face. It has recently been applauded by the Care Quality Commission during the recent SEND Inspection, as it enables easy access to all students with any difficulties or concerns they may be experiencing.

Those pupils age 13 plus will also be informed about the drop in services provided and the c-card scheme.

Should you wish your child to be withdrawn from these assemblies please inform Mrs Mavin at AR site by 9:00am on Monday, 12th November.

Yours faithfully

Mrs CA Mavin
Head of Pastoral Yr 8 & Yr 9
