

18 January 2019

Dear parents and carers

## **Study Speed Dating**

On Wednesday 13 February 2019 we are hosting our very first "Study Speed Dating" evening which will take place in the main hall from 4.30pm -6.00pm.

The aim of the evening is for students to collect a range of revision tips and advice in preparation for their exams and for parents to feel informed about how they can support their child during the lead up to their child's exams. There will be a number of revision stalls. Students and their parents/carers will visit a stall for five minutes before being prompted to move to the next stall, until they have been to every one. Not only do we have stalls for subjects, we also have generic revision tip stalls as well as access to outside agencies such as careers and the National Citizen Service.

Students will be given a bag full of resources to help them with their revision and there will also be a free raffle and refreshments for all who attend.

This is an evening not to be missed and will make a difference to your child's revision and exam success. We really hope you can attend.

Please indicate, via School Comms by **30 January** whether you will be attending with your child, or your child will be attending alone.

Yours faithfully

MRS PAYNE  
Director of English

MRS CHARNLEY  
Second in maths
