Dear parent/carer

Northumberland Zoo Trip

As part of our SEN transition programme we are happy to advise you that there will be a trip to Northumberland County Zoo for a small selection of our students from Year 7.

Your son/daughter has been chosen to be part of one of these small groups; the details of which are as follows:

Northumberland County Zoo
Friday 21 June
Leaving school at approximately 9.30am and arriving back by 3.00pm

The students will be briefed on all health and safety aspects before arriving at the zoo and will have the opportunity to receive on-site learning with one of the zoo's educational staff, a tour of the park to see all the animals and a number of other activities relating to animal welfare and care, as well as having time to explore the adventure play area, museum, mini golf and other areas of the park.

Students will be expected to take a packed lunch which will be eaten in a reserved eating area. If your child has free school meals, a packed lunch will be provided by the school.

This trip is **free of charge** and we hope the students will find the day both educational and fun.

Comfortable clothing and shoes should be worn on the day, appropriate for the weather – please be mindful that students may require a raincoat or sunscreen and sun hat.

Please can you complete the consent form on school Gateway by Monday 3 June 2019 at the latest.

Yours faithfully

JULIE HEARN
