Dear parent or carer

Key points for SATs

As you know, most of our Year 6 children will be taking their end of Key Stage 2 SATs next week; I would just like to take this opportunity to share some key points with yourselves that will help us all support your child during the week.

The children will be sitting the tests in the mobile classrooms which are very quiet; they are familiar with this arrangement from the mock tests they did in March.

Year 6 SATs Breakfast Club

Every morning next week (including Friday) from 8.45am the canteen will be open for Year 6 only to allow them to have a light breakfast while they are being registered. If your child does not wish to have a breakfast, they must still to go to the canteen by 8.50am to be registered.

Being Prepared

It is essential that in order for our Year 6 to be ready to do their best next week, they need to have lots of rest this weekend and every night next week and, even better, if they can also enjoy some fresh air as well. We also advise the children to bring a water bottle every day so they can keep hydrated.

While the children need to bring their normal equipment for school every day next week, they will be provided with any equipment they need each day for the tests.

Children are not allowed mobile phones beside them during the tests so they will need to be turned off and can either be placed in their bags or at the front of the classroom.

Friday Treat!

As a reward for their hard work over the year and especially next week, we are arranging a day of activities for next Friday. Further information will be sent out separately.

Yours faithfully

NEIL RODGERS
Executive Headteacher
