

## JAMES CALVERT SPENCE CHROMEBOOK PROGRAMME

## Dear Parent/Carer

We are delighted to announce that we are launching the 'Chromebooks for Learning Scheme'. The scheme enables students to have 1:1 access to technology which will enhance their learning experience and supports the school providing the best levels of education.

We are looking to incorporate the use of Chromebooks into almost every lesson: Business Studies, Food Technology and BTEC P.E already use them in the majority of lessons. The Chromebooks will also help pupils organise, communicate, learn and study both in school and when at home.

The device can be viewed  
and ordered from the  
following link using the  
code JCSC2023

<https://www.cpu.co.uk/cint/mobilelearning/selectSchool.asp>

Access to technology is not something that should happen in a few rooms in a school, it should be for everyone, everywhere and at any time.

We want our pupils to have access to the greatest source of information ever assembled and to study and research in their own innovative and personalised ways. Pupils need to learn about safe, effective, and productive use of technology learning tools. We strive to make the educational experience for students at James Calvert Spence College as varied, dynamic and stimulating as possible.

# The 'Chromebooks for Learning Scheme' WHY HAVE WE OPTED TO CONSIDER THIS PROGRAMME?

- Easy student-teacher workflow within a safe environment
- Large numbers of computers that can be managed centrally.
- Excellent collaboration tools
- Works seamlessly with Google Apps for Education, Office 365 and other cloud-based applications.
- Comprehensive insurance and warranty with zero excess inc. Accidental Damage
- Affordable monthly payments
- We can manage the devices and provide the best levels of e-Safety for our students.

**The Scheme is open to any parent/carter who would like to a device for their children but we would like all students in the 6th Form, Year 5 and any course-work based GCSE/BTEC subject to purchase one.**

Working with some of the largest and most experienced suppliers within the IT industry We have sourced a device that will suit the students' needs fully at a cost that will offer families the ability to procure a device for a reasonable monthly direct debit payment. Using our buying power and working with these strategic partners the package will be significantly cheaper than the equivalent package available on high street when you include accidental damage for three years with no excess.

## **WHAT'S INCLUDED?**

- In return for an affordable monthly payment, we will provide.
- A Chromebook, that can be used at school and at home.
- A protective carry case.
- Warranty with education specific repair service covering accidental damage and theft (with zero excess).
- Full on-site support for the duration of the scheme whilst your child remains a student at James Calvert Spence College.

**The device can be viewed and ordered from the following link using the code JCSC2023**
